Required Publishing Tasks for Conference Publishers

- 1 Collect copyright transfer agreements**, one form per paper, not per author.
IMPORTANT: The [IEEE Copyright Form](#) must be completed. An electronic copyright form is also available. Conference Organizers [register with eCopyright](#) to create an account that authors access online. The Organizer then receives a weekly report of which copyright transfers have been completed.
- Instruct your authors to add the copyright notice to their papers **before** creating PDFs. Copyright notice can be found in Section IV - Copyright Information in the Letter of Acquisition.
- Instruct your authors to use the IEEE PDF eXpress site to validate their papers (see following page).
- 4 Provide IEEE *Xplore*®-compatible PDFs to Conference Operations.**

IMPORTANT: Any changes made to a PDF after IEEE PDF eXpress conversion or PDF Checking may invalidate *Xplore* compatibility. This includes headers, page numbers, copyright notice, watermarks, etc. If any of these elements are desired, they should be added to the document before a PDF is created.
- 5 All PDFs to be included in IEEE *Xplore*®** (e.g. title page, copyright page, author index, etc.) should be validated through PDF eXpress for *Xplore* compatibility.
- If you are not using a publishing vendor's assistance, use the use the IEEE Packing List Generator (from the [IEEE Publishing Technology Resources](#) web page) to expedite delivery of your PDFs to *Xplore*.
- Distribute the following page to your authors to provide them access to free Word and LaTeX templates and to PDF instructions [MS Word and LaTeX templates](#).

The "Find Answers" tab is active, displaying an "Advanced Search" box with a search input field and a "Search" button. Below the search box, there is a message: "Find the answer to your question" and "Results 1 - 10 of 106".
